

5 FUN TIPS FOR TRAVELING WITH KIDS

1. Even if you are just traveling a short distance have the kids draw a map of your route.
2. Throw a cookie sheet in the car. It makes a great hard surface for coloring, playing Lego, magnetic board and more.
3. Start a trip notebook. Let the kids write or draw about where you traveled, what you did, who they saw and any fun things you did along the way.
4. Stop by your local library and stock up on books. Audio and paperback!
5. Make a binder for each child of fun activities they like. Add some coloring pages, search a word, paper dolls, etc.

Caution! Kids Playing
Pay attention this summer,
keep our kids safe

How well is your A/C working?

Bugs do more than make a mess of your windshield. They can also plug your vehicle's A/C condenser and cabin air filter. If you are experiencing problems with your A/C this may be the problem.

TIP OF THE MONTH

Give your air conditioner a hand. When you first get in your car, open the windows to get rid of all the accumulated hot air quickly.

Don't forget to stop by before
