

Extend the life of your Car - with a **LOW SODIUM** Diet

If you are keeping a vehicle for only two to three years you may choose not to have it undercoated. However, by having it done you are maintaining the vehicle and assuring more value at resale. Undercoating your vehicle should be a standard for our climate. If you are keeping the vehicle for five years or more or you are purchasing a vehicle that is older than two years, it definitely needs to be undercoated. The vehicles 1500 plus spot welds and seams will not hold up to the weather and salt for long.

Tip of the Month

Undercoating keeps your vehicle "new" for longer!

Have your vehicle undercoated today!

Undercoating Special
Only \$149.95

PLUS with every undercoating get \$10.00 off your next oil change!

New Service

September Chuckles!

The evening news is where they start with 'Good Evening', and then proceed to tell you why it isn't.

The early bird might get the worm, but the second mouse gets the cheese.

A computer once beat me at chess, but it was no match for me at kick boxing.

Mark and Darcy
