

Extend the life of your Car - with a **LOW SODIUM** Diet

Undercoating protects your vehicle's most vulnerable spot, the undercarriage. Unlike more visible parts of your car, the undercarriage doesn't get washed regularly but does absorb most of the moisture, salt, and grime you come into contact with as you drive.

Have you had your vehicle undercoated lately?

Back to School Funnies

Driving my car one afternoon, I rolled through a stop sign. I was pulled over by a police officer, who recognized me as his former English teacher.

"Mrs. Brown," he said "those stop signs are periods, not commas." ~ www.rd.com

With Autumn fast approaching our minds turn to cooler weather and inevitably snow. Keep Highlift Auto in mind for all of your vehicle's change of season needs. From new batteries for your Autostart to new tires and anything in between, we do it all. Happy Fall!

Mark & Darcy
